This is an unnatural condition—a little rest each day and Scott's Emulsion after every meal gives nature the material to restore strength. Scott's Emulsion is a strength-building, curative food and tonic to overcome weakness and fatigue—contains no alcohol or drug. It doesn't stupefy the nerves, it feeds them. Expectant and nursing mothers always need Scott's Emulsion.

## LIQUOR FIRST, THEN JAIL.

Lebanon Man and Umbrella Mender Sent to Brooklyn from City Court.

Tuesday evening Lawrence MacFarlane of Lebanon was drunk and insulted people passing by the Gem theater. He was arrested and Wednesday morning brought before the police court, pleaded guilty and was sentenced to fifteen days in the county jail at Brooklyn.  
James Burke, a transient, who makes his living mending umbrellas and doing odd jobs, was arrested some time after midnight for being drunk. In court Wednesday morning he stated that a boy had thrown a chestnut burr at another boy, but missed his aim, and instead the burr hit him in the eye. He claimed to be waiting for the midnight freight to steal a ride to Hartford to go and consult an eye specialist. The story would not go with the court and he was sentenced to sixteen days in jail, where he will receive proper medical attention if his eye requires it.

## Passengers Have Unpleasant Experience.

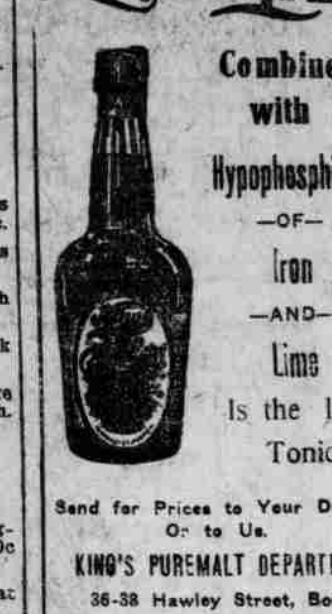

According to statements made in this city by a man who came from New York on the steamer City of Lowell to New London Monday evening, there was trouble on the steamer that almost resulted disastrously for a number of soldiers.  
Monday evening, about 45 recruits, some of whom have been in the service of the United States for several months, boarded the steamer Lowell at New York. They came from Fort Slocum, where they had been for several weeks and were en route for Fort Mansfield, Fishers Island. The soldiers had had an hour and a half's shore leave in New York and during that time many of them had been drinking. The soldiers were in charge of two sergeants, one perfectly sober, but the other had been drinking. It was claimed. When the recruits boarded the steamer they immediately began to make Rome howl and the sergeants endeavored to order the men below decks to quarters, but as the sergeant who is said to have been intoxicated tried to push some of the more boisterous soldiers below deck they resisted the effort.  
The sergeants buckled on their belts and with drawn revolvers forced the men below decks, where a fierce fight is said to have followed. The sergeant who was somewhat intoxicated is alleged to have fired quite a few shots through the woodwork on the starboard side of the steamer. Upon arrival at New London, the services of the police of that city were sought and a squad of six or seven were stationed in the hold about two o'clock.

## Bill Segar's Skill Comes in Handy.

Wednesday afternoon at 2:20 o'clock a team attached to one of Napoleon Bacon's delivery teams slipped and fell to the pavement on Main street as its driver turned into that thoroughfare from Church street. Bystanders rushed to the assistance of the driver and held the horse's head while others unhitched the traces and freed the animal. The horse, in falling, threw his right shoulder out of joint and the right foot was drawn up badly and pawed the air, the horse being unable to touch the pavement with that foot. Bill Segar of Lebanon, who is something of a horseman and a veterinarian, quickly grasped the horse's leg and with a quick twist threw the shoulder back into its socket. The horse was then hitched to the delivery wagon, and the driver drove off up Main street, the horse limping a bit. The horse will have to be kept in the stable for a couple of days as the shoulder was badly wrenched.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is completely closed and the sound is entirely cut off. The inflammation is not taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars.

## SHE SUFFERED TEN MONTHS

Mrs. Blankenship Tells of Her Restoration to Health by Lydia E. Pinkham's Vegetable Compound.

Elliston, Va.—"I feel it my duty to express my thanks for what Lydia E. Pinkham's Vegetable Compound has done for me. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I have been restored to health and it has come from taking Lydia E. Pinkham's Vegetable Compound. Whenever I see a suffering woman I want to tell her what this medicine has done for me and I will always speak a good word for it."—Mrs. ROBERT BLANKENSHIP, Elliston, Va., Montgomery Co.

Was Helpless—Now Well.

Trenton, Mo.—"About two years ago I had female trouble and inflammation so bad that I was literally helpless and had to be tended like a baby. I could not move my body or lift my foot for such severe pains that I had to scream. I was very nervous and had a weakness.

"Lydia E. Pinkham's Vegetable Compound has helped me to such an extent that I think there is no medicine like it for female troubles. I am up and able to do my work again and I give you full permission to publish my letter for the sake of other suffering women."—Mrs. W. T. PURNELL, 320-10th St., Trenton, Mo.
